ELLI RITCHIE PICKS UP ANOTHER VIOLATOR OF THE GAME LAWS.

Last Tuesday Eli Ritchey, Game Protector for Bedford County, went to John Oyler's near Mann's Choice to look after Mr. Oyler who, he supposed, had killed a wild turkey on the Little Buffalo Mountain. When he reached the house Mr. Oyler was gone but Mrs. Oyler had the nice big gobbler in the oven getting him ready for a feast. Mr. Ritchey picked up the wings, the beard, which was about six inches long and the pot and brought the whole to Bedford. When Mr. Ritchey landed in Bedford the turkey was still hot and when Mr. Oyler got home he was hot too.

Just as hot as the turkey. Mr. Ritchey seems to have evidence that Mr. Oyler came in to possession of a nice wild turkey hen about a week ago. The big, fine gobbler he killed made him change shoulders several times before he got home and we must confess it looked plump in the pot when exhibited in Bedford. The fine for the one will be \$25 and costs and if enough evidence can be secured for the hen he will be held up for \$50 and costs. There are others who have been killing turkeys and other game out of season for whom Mr. Ritchey is looking.

CHILD DIED AFTER EATING POISON

Robert Hoenstine, of Claysburg, died Tuesday from the effects of poisoning. The little fellow was only 20 months old and while playing on the ash pile found a can containing a coal tar disinfectant which he ate. He became ill and suffered immense pain but no aid could help him. He was the child of Mr. and Mrs. H. H. Hoenstine and was buried yesterday afternoon at 2:00 o'clock at Greenfield Reformed church, Queen Station.

CIVIC ANNOUNCEMENT OF "WHITE ELEPHANT SALE"

The Civic Club organization is prepared to announce a White Elephant sale which will be open to the public within a few days. An unoccupied room on the northeast Public Square next to the Presbyterian church has been generously donated for this purpose and is being fitted up with useful furnishings of every variety. You are likely to find just what you have been wanting or the very thing you most need if you will visit this White Elephant Shop. Everything sold at most reasonable charges. Already a variety of furniture and a piano are available for sale, and there will be Victor records, also clothing for children and grown folks, and attractively designed and useful flower pots for your Spring bulbs (these as long as they last) and many articles of great variety will be on hand for your choosing.

Mrs. John C. Smith is chairman of the Committee and if any friends or "dear enemy" has clothing or furniture or dishes or any article to donate, or to bring us for sale on commission, they may see Mrs. Smith for information. The White Elephant will continue to stand as long as there are things to be sold. Watch for these announcements.

HEALTH SCHOOLS OF PENNSYLVANIA

The Health School of the Pennsylvania Department of Health opens with its prospectus which will appear in all the newspapers of the State, April 4th. This defines what it is, what it means to do and what the membership should be. Every reading citizen of the State should be a member. The only obligation implied is that of answering the questions.

The Governor of the State is the first enrolled member; all the Heads of Departments have joined the class which he heads.

The lessons are less than one thousand words; each carries a public health truth; and to profit thereby, should be carefully read. The answers to the questions are not marked but simply graded. The address to which these answers should be sent will be given in each case. All counties of the State are organized, and nearly all the schools.

Join a class in which you will find the Governor, the Superintendent of Public Health, the iron worker, the carpenter, the mason, the farmer and the laborer.

Pennsylvania had in 1919, 3802 cases of typhoid, and 223 deaths—all preventable. Join the Health School and help to prevent it. The lessons come twice a month; every newspaper in the State—that is where you will find them. You join the School by promising to read the articles and answer the questions—no marking, just grading. It is your business!

Pennsylvania had 17,717 cases of diphtheria, and 1833 deaths, all preventable. Join the Health School and help to prevent it. The lessons come twice a month; every newspaper in the State—that is where you will find them. You join the School by promising to read the articles and answer the questions—no marking, just grading. FROM CIVILIAN TO SOLDIER

By the Bedford Recruiting Sergeant

(Continued from last week).

Recreation periods furnish more fun and amusement than the average young fellow ever finds on the outside. Army drill and exercise is bound to improve the physical being of every man who enters the service.

And army life makes real men out of some mighty poor specimens by scientific, systematical training. The drill Sergeant must have a vast supply of patience in order to handle some of the men. He must be impartial at all times. The rich man's son and the poor man's son both receive the same treatment from the time that they step into their recruiting office until the day that their discharge is handed to them. A man soon gets acquainted in the army and is always sure to meet a bunch of amiable fellows. In our NEW DEMOCRATIC PEACE TIME ARMY men from the same state are sent to the same organization, so anyone entering the service now is sure to meet someone from his own home town. If two or more men enlist together they will be sent to the same company and will remain together during their enlistment if they so desire. A young man can enlist to-day and at the end of three years return to his home with a good education or with a useful trade, and with \$1000 in real money in his pocket. If he so desires he can secure a good position in civil life as his discharge will be the very best letter of recommendation, or he can continue on in the service and retire at forty-eight or fifty with an income of about \$100 per month. The chances of doing anything like that in civil life are few and far between. They generally keep a man until he gets pretty well along in years and then throw him out and give his job to a young man. Here are the chances that a civilian has. Out of one hundred average healthy men twenty five years of age 64 will reach the age of 65, 1 will be rich, 4 will be well to do, 5 will be earning a living and 34 will be dependent upon friends or charity. Which class will you be in? Here are several questions that are vital to every young man. Have you finished your education? Have you had enough travel? How much money are you earning? Are you an asset or a liability to the community? Are you a skilled man in your line? Are you satisfied with your prospects for the future? Just look around you and see how many men there are who have reached old age and have worked hard ever since you can first remember them, and who do not even own the house they live in. Not one of these men ever had the opportunity that is offered to you today. Education, training, travel, adventure all absolutely free. Quite a number of mothers imagine that if their son was taken sick in the army he would not receive as good care as she could give him, but she is very much mistaken as he would receive far better treatment than under her care as both doctor and nurse would be specialists and understand his case thoroughly. His chances of getting sick in the army are less than in civil life as he has been protected from small pox, typhoid fever and influenza and the right proportion of exercise, recreation and sleep will eliminate about all of the rest. A soldier is examined physically twice each month that he is in the service. At the recruit depot drills are taught in such manner as to produce the best results. If a drill instructor attempts to progress too rapidly with his squad he has simply wasted his time and the men have missed a vital part of the instructions. Arms are not issued until the men are able to control the movements of their bodies, which requires about two weeks. When our young men were called during the emergency they were given plenty of drill but thousands of them were discharged without really knowing the first principle about drill. A child must be taught to walk by easy stages and it is thus with a soldier. He recruits and is about 25 days instructions at the Depot and are then ready or assignment to an organization. They are sent out to detachments of from fifty to four hundred to all parts of the United States, the Canal Zone, the Philippines, Alaska or China. A recruit enlisting for the Philippines can look forward to a long but pleasant journey and by the time he returns he will have traveled more than the distance around the entire earth. He will cross the 180th meridian where east and west meet and no one has ever been able to get farther east or west than that. He will see one week with only six days and one with eight days before he returns. If time permits, we will in the near future tell you of a trip to one of our Island possessions.

The End.

QUILT FALLS TO GAZETTE

The ladies of the A. M. E. Church made a quilt and chanced it off at a quarter a chance. The Gazette editor took a chance and won the quilt. It is all silk and made in the "Log Cabin" style. It certainly is "a thing of beauty" and will be "a joy forever" especially in cold weather. Two ladies of the church presented the quilt to whom we expressed our most heartfelt thanks. Mrs. Barkman and I will church every time we tuck our toes within its folds. Thanks!

Rev. R. Bancroft Whipple has come as rector of St. James Church. Special service Easter at 11 A. M. New church will be appropriately decorated. All are cordially invited.

WOMAN NARROWLY ESCAPES DEATH FROM FIRE

A disastrous fire at Bard, this County, a few days ago almost caused the death of Mrs. James Brown, her narrow escape being credited to her bravery in extricating herself but suffering greatly thereby. The husband was engaged in work away from home and Mrs. Brown was busy on the second floor when she noticed smoke arising from the kitchen. The only stairway was in flames when she endeavored to descend and she was alone in the house at the time. Being a large woman and over 62 years of age, with great difficulty she succeeded in getting out of a window on the second story and, clinging to the sill with her hands, she endeavored to attract the attention of two small grandsons, aged about six and eight years, who were playing in the interior of the house being in flames. She finally succeeded in getting the lads to bring a ladder but before they could place it her hands and arm were so badly burned that she could no longer hold to the frame and dropped to the ground, a distance of some 12 or 15 feet. In the fall, she suffered a broken leg and body bruises. Her hands were so terribly burned that amputation may be necessary. The lads were in a quandary as the heat was intense and the building was rapidly being consumed. The brave woman succeeded in having them roll her some distance away and in a short time neighbors came to the rescue. They were unable to save any of the contents of the home or the money which the couple had in the house. Medical aid was summoned and Mrs. Brown was later removed to the home of her brother, James Tipton, at Mt. Zion, Somerset County. There was no insurance on the house or contents.

J. ALBERT DAVIS

Jacob Albert Davis, a well known and respected citizen of New Paris died at his home on Sunday morning March 23, 1920. His parents were Mr. and Mrs. John W. Davis and he was the oldest of a family of seven sons and three daughters. Of the family the following survive. Mrs. William Bailey, Mrs. Peter Bissel, Ward, Winter, Lloyd and Hall of New Paris and J. N. Davis of Bedford.

Mr. Davis married Miss Mary M. McGrew who preceded him in death on May 26, 1884. He afterward married Miss Carrie Stiff who still survives. By the first marriage there were given him three sons, Wood, Harry and Lemon, of Pittsburgh and to the second, three sons, Jacob Roy of Sprout; Warren of Pittsburgh; R. Summer, of Youngstown, Ohio and two daughters, Margaret, deceased, and Miss Ruth at home.

When a young man, Mr. Davis learned to be a mason and plasterer with his father and was a skilled mechanic. Later in life he manufactured rustic rocking chairs. He was noted for his honesty in dealing with his fellow men and was a strong advocate of the Prohibition movement.

The funeral services were conducted at the home Tuesday morning. Prayer was offered and scripture read by Rev. J. Winwood. By request of the deceased an obituary was given by Mr. A. C. Richards, Internist was made in the Evangelical cemetery.

INTER-CHURCH WORLD MOVEMENT CONFERENCE

The Inter-Church World Movement in which about thirty denominations are interested will hold conferences in all counties of Pennsylvania from April 6 to 9. Bedford County Conference will be held in the Methodist Episcopal Church, Bedford on April 7th with sessions at 10:30 A. M., and 2:30 and 7:30 P. M. An interesting team of speakers will be present, including: Prof. I. Harvey Brumbaugh, Huntingdon; H. M. Cameron, Latrobe; Miss Bessie Brooks, Pittsburgh; E. C. Keboch, Harrisburg; and Charles C. Campbell, Division Campaign Director, Altoona. At the evening session, lantern slides will be shown of the mission fields of America and of the world. Each church of the county will be represented by its pastor and layman.

GETTYSBURG GLEE CLUB UNABLE TO MAKE MUSICAL TOUR THIS YEAR.

We regret to inform the people that the Gettysburg Glee Club will not be able to render their concert this year, on account of the loss of time during the "Flu" and scarlet fever epidemic in the college.

All persons having purchased tickets can have same redeemed if they will bring same to Miss Ellen Morgant, at the Bedford County Telephone Co., during the next two weeks.

AUTOS COLLIDE

Returning from a trip on the western section of the Bell Telephone Company's lines, Monday evening Samuel T. Croyle received some severe cuts and bruises when the car in which he was riding was struck by a car approaching from an opposite direction and driven by William Colvin of Schellsburg. The accident occurred on West Pitt street.

Monday, April 12 to Saturday, April 17. Humane Sunday, April 18. Help on this National Celebration by being kind to animals and aiding humane societies to PROTECT THEM.

IMPROVED UNIFORM INTERNATIONAL
SUNDAY SCHOOL
LESSON
(By REV. J. B. FITZWATER, D. D.,
Teacher of English Bible in the Moody
Bible Institute of Chicago)
(Copyright 1920 Western Newspaper Union)

LESSON FOR APRIL 4
EASTER LESSON.

LESSON TEXT—Luke 24:13-25
GOLDEN TEXT—Ought not Christ to have suffered these things, and to enter into his glory?—Luke 24:26
PRIMARY TOPIC—The Story of a Wonderful Walk
JUNIOR TOPIC—The Walk to Emmaus
INTERMEDIATE AND SENIOR TOPIC—The Proof that Jesus Rose From the Dead
YOUNG PEOPLE AND ADULT TOPIC—The Fact and the Meaning of the Resurrection

I. Two Disciples Journeying to Emmaus (vv. 13-10)

1. Who they were. One was Cleopas (see v. 18); some think the other was Luke, whose modesty forbade him to give his name, but it is not definitely known. Why they were going we can only conjecture, perhaps they were only walking away from Jerusalem to relieve their anxiety and drown their sorrow. The ordeal through which they had passed left them somewhat stunned; they needed the physical exertion and quiet of the country to calm their nerves. They were sad (see v. 17).

2. What they talked about (v. 14). "All the things which had happened." Strange and wonderful things had taken place and they could not but commune together concerning them.

3. Jesus joins them (vv. 15, 16). It was while they communed together and reasoned about Jesus that he appeared to them. He never leaves those in doubt who sincerely seek the light; he promises to meet even with two or three who gather in his name (Matt. 18:20). Those gathered in his name have their heart toward him in love, and their talk is concerning him. If we would have Jesus draw near to us more frequently then let us more frequently commune together concerning him.

II. The Conversation on the Way. (vv. 17-27).

1. Jesus' question (v. 17). Though he was a stranger to them his question did not provoke resentment, there must have been something in his manner and tone which unlocked their hearts.

2. The disciples' answer (vv. 18-24). Though surprised that there should be a single man in the confines of Jerusalem unacquainted with the things which had recently come to pass they spoke fully and freely of what they had communed about.

(1) It was concerning Jesus of Nazareth (v. 19). This Jesus was mighty in word and deed before God and the people. (2) Delivered, condemned and crucified by the chief priests. (3) Shattered hopes of the disciples (v. 21). They had reposed their hope in him as the Redeemer of Israel. (4) Their bewilderment (vv. 22-24). The story of the women concerning the empty sepulcher rebounded them of Christ's words that he would rise on the third day. A new hope seemed to be arising in their hearts, yet they were too timid to take their stand up on it. (5) Jesus expounding the Scriptures to them (vv. 25-27). He divides them for their unbelief of the prophetic Scriptures (v. 25). What sorrow and perplexity they would have escaped had they believed what God had recorded! Jesus showed them that what had happened was exactly what the Scriptures had foretold concerning the Messiah and that it behooved Christ thus to suffer and to enter into his glory.

III. The Lord Reveals Himself (vv. 28-35).

1. Nearing the end of the journey (vv. 28-29). He made as though he would go further, but they constrained him to abide with them. It would have been a great loss to them if he had not been "constrained."

2. Sitting together at the table (vv. 30-31). His blessing of the bread and breaking it were so familiar that they knew him. Then, too, they may have seen the nailprints in his hands while he broke the bread. They now knew for a certainty that the Lord whom they had mourned as dead was alive and in their very presence. If we had eyes to perceive we could see Jesus daily walking and talking with us. What a different life would be ours if we would but see him!

3. The disciples convinced (vv. 32-35). They at once returned to Jerusalem and reported to the eleven what things were done and how the Lord had revealed himself to them in the breaking of the bread. They exclaimed, "The Lord is risen indeed!" May Christ come to every believer on this Easter occasion in such a way that we may know beyond the peradventure of a doubt that he is really alive!

Reaching the Top.

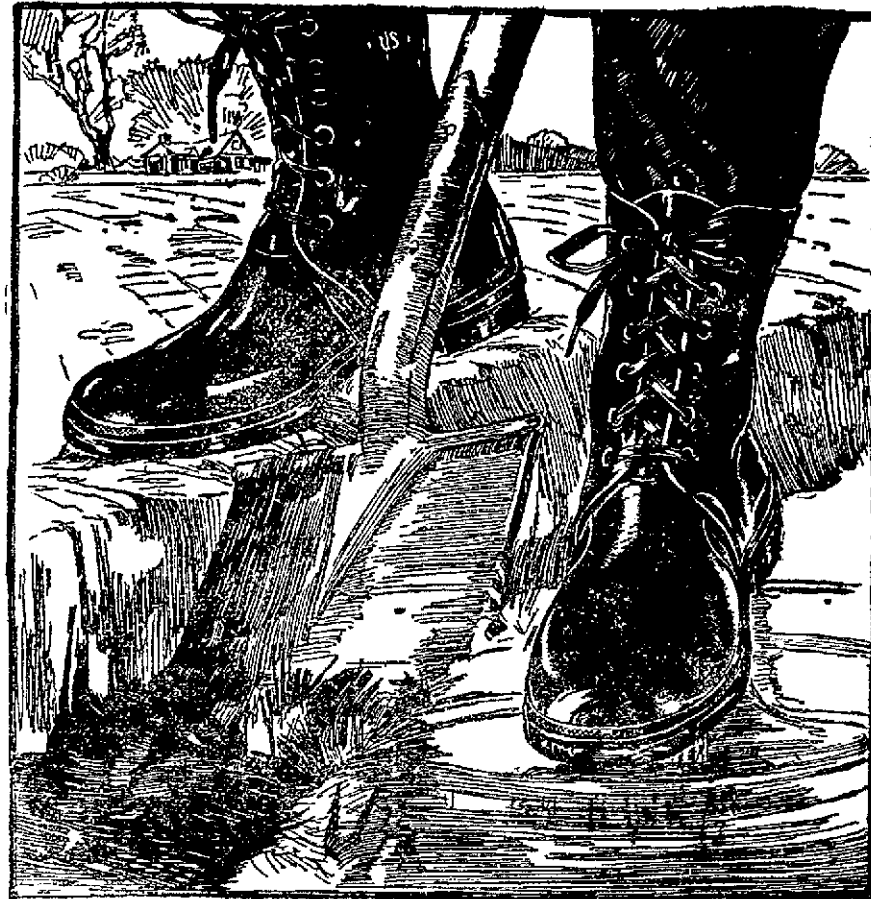

It is by attempting to reach the top by a single leap that so much misery is produced in the world.—Cobbett.

Keep Straight On.

The way to heaven: Turn to the right and keep straight on.—Spurgeon.

To sum up the Telephone Rate Situation

THERE are these facts before you! This company has experienced all of the increased costs of furnishing telephone service, and the public is still enjoying the low rates of pre-war days.

A year of even greater importance, than any that has gone before is now confronting us—with its heavy requirements for extensions and improvements of the plant and of the service.

The company has no margin on which it can fall back. It has exhausted every possibility of economy, and still finds itself far from making ends meet.

Notable inventions and equipment perfections cannot be brought into play immediately to help the situation. Time and capital are required—much of both.

Adequate rates alone will insure the carrying out of the program for 1920 which will meet the desires and the requirements of the public.

Adequate rates alone will make it possible for us to pay our bills and meet our obligations to the users of the service, to our employees, and to the owners of the property.

These obligations deserve the serious thought of every telephone user.

We are, after all, only your stewards in the furnishing of a great, important public service. That service must grow and must be the best. And adequate rates alone will make this possible.

SPRING FEVER

Following Colds, Grip or Flu,
Thin, Watery or Poisoned Blood

(By DR. VALENTINE MOTT.)

At this time of year most people suffer from what we term "spring fever" because of a stagnant condition of the blood, because of the toxins (poisons) stored up within the body during the long winter. We eat too much meat, with little or no green vegetables.

Bloodless people, thin, anemic people, those with pale cheeks and lips, who have a poor appetite and feel that tired, worn or feverish condition in the spring-time of the year, should try the refreshing tonic powers of a good alternative and blood purifier. Such a tonic as druggists have sold for fifty years, is Dr. Pierce's Golden Medical Discovery. It is a standard remedy that can be obtained in tablet or liquid form. Made without alcohol from wild roots and barks.

Or, CITY, PA. — "I can praise Dr. Pierce's Golden Medical Discovery most highly as a tonic. Some years ago my husband was about down and out; he had absolutely no strength and we thought he was in for a sick spell when 'Golden Medical Discovery' was recommended to him. The first few doses started him gaining in health and he was just as well as could be within a month or so. Since that time whenever he needs a tonic he does not hesitate in getting Dr. Pierce's Golden Medical Discovery, and he also recommends it to his friends." — MRS. MARGARET BRADLEY, 108 Walnut Street.

THE UNIVERSAL CAR

GET IT NOW

There are more than 3,000,000 Ford cars now in
daily operation — that is about 7 to 1 to its nearest fol-
lower. And there's a bigger demand for Fords today
than ever before.

This means more buyers than cars — and the big
rush will come in the Spring months. So now's the time
to buy your Ford. You'll have a much better chance to
get it now than later.

DO YOU HAVE DIZZY SPELL

It's Important to Learn the Cause,
As Many Bedford People Have

Dizziness is never a disease of it-
self—it's only a symptom of some
deeper seated trouble. Much dizzi-
ness is caused by disordered kidneys
failing to filter all the poisons from
the blood. These poisons attack the
nerves and dizziness results. If you
are subject to dizziness, there is
good reason to suspect your kidneys,
and if you suffer backache, headache,
and irregularity of the kidney se-
cretions, you have further proof.
Many Bedford people have learned
the value of Doan's Kidney Pills in
just such cases. Read this Bedford
resident's statement:

Mrs. S. Delancy, W. Penn St., says:
"Every time I have had any trouble
with my kidneys I have used Doan's
Kidney Pills and they have relieved
me in a short time. Frequently I
have had bad pains in my back and
severe headaches and I would get so
dizzy that the room would seem to
be going around. At such times just
one box of Doan's have driven the
trouble away and I consider them a
wonderful remedy for kidney com-
plaint."

Friday April 2, 1920

Entered at the Post Office at Bedford, Pa., as second class matter.

The spending of such sums of money in a campaign as did Senator Newberry of Michigan, and the enormous campaign expenses of Leonard Wood and Governor Lowden, of Illinois, for presidential aspirations are the things which drive this country to Bolshevism. People are getting tired of the moneyed people buying their patronage and influence. Besides United States Senator Sherman from Illinois says we must stand by Newberry at any cost and just such fool expressions and such fool tactics will drive the United States Senate out of existence. If these practices are kept up and the tactics of the United States Senate are kept up the next amendment to the Constitution will be to abolish the United States Senate. The sentiment is crystallizing now. There was never a time in the history of this country when fads can be rushed through with ease and idealists are putting forth all energies to accomplish new things in government as well as all other lines. The next fad will send the United States Senate to the rear.

PRESIDENT LETS SENATE WORRY

President Wilson is in no hurry in telling what he is going to do with the League of Nations returned to him from the Senate unpassed or unconfirmed. He prefers letting the other persons sweat. Meanwhile he saws wood. He is now waiting to see if the Senate will pass a resolution declaring peace between this country and Germany. The Senators have tried all kinds of schemes to smoke the President out of the third term proposition but he keeps in hiding all the time.

One Cent Postage Rate Fails.

The Senate committee amendment to the post office appropriation bill to establish 1-cent postage for local delivery letters was stricken out of the bill in the Senate on a point of order by Senator Gronna of North Dakota. The provision was opposed on the ground that the post office should be self supporting and that there will be a deficit this year of \$30,000,000 with the existing postage rate.

NEW ENTERPRISE

Mrs Lee Furry left Friday to spend a week with relatives and friends at Johnstown.

Mrs Howard Brumbaugh spent several days the past week with her parents, Mr. and Mrs. Frank Herman, of Everett.

Messrs. Harry Kagarise, John Metzker and Joseph Campbell motored to Altoona on Sunday.

Irvin Zook and daughter Edna and Misses Irene and Grace Walter and Carrie Wyles were business visitors in Everett on Saturday.

James McDonald, who was employed by the Standard Refractories company of Claysburg during the winter months, has returned to the home of John Metzker. He expects to assist with the farm work during the summer.

W. A. King, local agent for the Genco Light Company, installed a plant last week at the home of H. W. Fetter of Salemville.

George Croyle of Cessna spent Sunday at the home of O. S. Kagarise.

Messrs. J. H. Stuke, C. R. Holsinger, Harry Kagarise, C. L. Walters and Roy Roudabush attended a horse sale at Bedford on Saturday. Mr. Kagarise and Mr. Roudabush each brought a new Ford truck back from Bedford for our local agent, Ira J. Detwiler.

The Junior class of the J. Leonard Replogle High school had a farewell party Wednesday evening at the home of Harry Steele in honor of Miss Grace Diehl who is leaving in the near future for Michigan.

David Shriner and wife of Martinsburg were callers in town on Thursday.

Edward Brown, who spent some time with his parents in Fulton county, returned to the home of Emmert Snyder, where he expects to spend the summer.

Saturday evening, April 3, the senior class of J. L. R. High School, will give a play in the auditorium entitled, "She Would Be a Widow." Everybody invited.

Hon Warren Worth Bailey, of Johnstown, is reported as offering himself for Congress again on the Democratic ticket. Congressman Bailey will hustle any opponent the Republicans may put up.

Wants Refund for Soldiers.

Legislation permitting the Secretary of War to refund not less than half the money back from soldier's pay by reason of forfeitures imposed by summary courts-martial was asked to be included in the army appropriation bill. It was declared to be unfair to allow refunds to be made to honorably discharged sailors and marines and not give the soldiers the same privilege. Statistics show that there were 100,000 summary courts-martial for minor offenses committed shortly after entering the military service, most of them through ignorance of army regulations.

Old Post Cards to be Used.

If you ask the postal clerk for post cards and get some old looking cards of some vintage about 10 years ago, do not be surprised. The Post office Department has ordered postmasters to rummage through their stocks for old cards and stamps and put them on sale, so acute is the post office finding the present paper shortage. This action has been taken along with the restamping of 400,000,000 of the 2-cent cards used during the war.

THE HISTORIC NO-4

A point of order in the U. S. House of Representatives can prevent the placing of the historic No-4 in the National Museum at Washington, but it would hardly be expected that any member of the No-4 belongs in the museum and nowhere else. It will be of interest to Americans for all time to come, for it is the first aircraft that ever winged its way across an ocean. It is a part of the glorious invention and adventure and we think it should be placed where it will be cared for and be permanently accessible.

EDWIN V. WRIGHT

On the morning of March 22, 1920 death claimed one of the most aged and respected citizens of New Paris in the person of Edwin Vickory Wright who had been permitted to live to the age of 85 years, 8 months and 7 days. His parents were Mr. and Mrs. Thomas Wright. In 1865 he married Miss Hannah Shaffer and to them were given two daughters, Mrs. Adaline Grazier and Mrs. Harry M. Ridenour of Johnstown and one son Humphrey T. Wright, of Altoona. After the death of his wife which occurred on March 21, 1901, he married Mrs. Catherine Seese who still survives.
Prior to locating in New Paris, Mr. Wright was a resident of Napier township during which time he was elected to the office of Justice of the Peace and filled a similar position after becoming a citizen of New Paris and was usually addressed as "Squire Wright." He was appointed Post Master at New Paris and held that position for a period of sixteen years. As a soldier, he spent nine months in the Civil War and was a participant in the battle at Hatcher's Run, Capture of Weldon R. R. and minor engagements which preceded the siege of Richmond. He was an active worker in M. E. church of which he was a member for over sixty years.
Besides his wife and three children, he is survived by two brothers, Darwin, of Alum Bank and Rufus P. of Wilmerding.
The funeral services which were held on the morning of the 24th were conducted in the M. E. church of New Paris by the Rev. John Winwood, assisted by Rev. A. F. Richards. Interment was made in the Evangelical cemetery.

ATTORNEY GENERAL PALMER'S VIEWS

Upon Prominent Issues Involved in the Presidential Contest.

From recent speeches made by Attorney General A. Mitchell Palmer the following brief extracts, bearing upon public questions seem pertinent at this time:

Free Speech—Violence.

"The life of the republic depends upon the free dissemination of ideas and the guaranties of freedom of speech, press, and assembly, long held sacred in the minds of our people. These rights must not be abridged in any particular. But the right of free speech is not the right of unbridled speech without responsibility. There must be a line beyond which men can not go without being held responsible for injury to their fellows or their government, and that line must be drawn at the point where there is a promise, threat, or implication of the use of force or physical violence to accomplish the reform which is advocated in public speech."

Internationalism.

"It is a disturbing thought that there are so many people who fail to understand what America stands for and to realize the responsibility which attaches to its leadership in free government. There are eminent American citizens of great intelligence and undoubted patriotism who preach the gospel of aloofness from the rest of the world which present-day conditions make absolutely impossible; neither the safety of the republic nor the happiness of the people who dwell beneath its egis will be served by a narrow nationalism which refuses to be responsive to the currents of thought and action elsewhere in the world, which may affect us at any moment as they touched us in the world-war and compelled our intervention. We can not any longer play the laggard's part. We must do our share toward maintaining the peace of the world if only for our own sake, because every time the peace is upset wherever the trouble may come, the reaction affects us and our interests."

The Bolshevik.

"The government proposes to protect itself against attacks from within as carefully and as forcefully as it has shown itself able to protect itself against attacks from without. Those who can not or will not live the life of Americans under our institutions and are unwilling to abide by the methods which we have established for the improvement of those institutions from time to time should go back to the countries from which they came."

Capital and Labor.

"There are many in the ranks of labor who have been ground down in un-American fashion by conscienceless employers and whose path upward—which they are entitled by every American precedent to tread—is made rocky and difficult. In many industries labor has not received its proper share of the product of the money and labor which, together, constitute the capital in every industry, and until means are devised by which that share shall be guaranteed to labor by peaceful and orderly methods, unrest, discontent, and occasional violence will mark the struggle for exact justice and equal rights. The pressing need of the hour, to stabilize the industrial situation, is to build the machinery which will give to both employer and employe the opportunity to disclose the facts surrounding their relations with each other. There need be no restriction of the right of men to strike and no compulsory arbitration of differences if provision is made for the great American public to be advised of all the facts in relation to every dispute in the industrial world, so large as to affect in its consequences a considerable portion of the public. Public opinion is the only monarch in this country, and informed public opinion will always secure justice to both sides in industrial controversies. All at the government sought to do in the coal-strike situation was to insist that both sides should be heard before an impartial tribunal without the country being made to suffer from the wrong methods adopted by each side to accomplish its purpose in the controversy. While the government may properly exercise its right to protect the vast body of the people from the suffering, loss, and death which would ensue from a general tie-up in the production or transportation of the necessities of life, it ought never again be necessary to exercise that right, for suitable machinery should promptly be built to settle such controversies before they reach the stage which compels the government to take action in defense of itself or the people whom it is designed to serve."

High Cost of Living.

"Such laws as we have had have been vigorously enforced with the purpose of controlling as far as possible the artificial increase of prices. Profiteers have been caught and punished in nearly every state and in almost every line of trade. Great quantities of hoarded commodities have been released into the natural channels of commerce. Untold numbers of men have been deterred by this action from hoarding the necessities of life and from charging unjust and unreasonable profits. Competition has been restored by the entering of decrees under the Sherman anti-trust law; while co-operation has been maintained with nearly all the states in efforts, through fair price committee and other agencies, to check the upward tendency in the prices of all necessary commodities."

AUTO TIRE REPAIRS

300 W. PITT ST.

We have bought out the tire and tube business of Mr. Charles Perrin, formerly with the Union Garage.

We are now located at the above address and will work in cooperation with Messrs Manspeaker and Pepple of the Lincoln Highway Garage.

Strictly first class Tire and Tube repairs will be done at reasonable rates. All work guaranteed.

In addition a new retreading machine will be in operation within a week or two. Retreaded tires will nearly double your mileage, and the expense is far less than new tires.

CHARTER NOTICE

In the Court of Common Pleas of Bedford County, Pennsylvania, at April Term 1920.
Notice is hereby given that application will be made to the above Court on Monday the nineteenth day of April 1920, at 10:00 o'clock A. M. under the Corporation Act of 1874 of the Commonwealth of Pennsylvania and the supplements thereto, for the charter of an intended corporation to be called Schellsburg Athletic Association, the character and the object of which is for the maintenance of a public park and the promotion of athletic sports, and for these purposes to have and possess and enjoy all the rights, benefits and privileges of the said Act of Assembly and its supplements.
The proposed charter is now on file in the Prothonotary's office.

COAL PRICES TO SOAR

The government ban on coal effective April 1, yesterday left the operators to extort whatever price they saw fit. It is reported that they charged \$4.00 per ton and some claim to have sold coal at \$4.75 at the mines. The prediction is that all consumers will have to pay at least \$4.00 a ton at the mines and if bought at retail the price \$7 to \$8.
The mine operators are thinking of easing up a little on the price because many of them think that if they send up the price the general public will become so enraged that a demand will be made for a return to government control and a public ownership which would be a beginning of a long list of public agencies, now privately controlled, coming under government management and ownership. It would be wise to have the public utilities look to the future and not initiate the public so much with exorbitant prices.

FOREST FIRES

Forest Fires are raging everywhere. There was one on the mountain of the Narrows moving toward Dutch Corner the first of the week. Blair County has had many big fires and much of the vast acreage of the state has been under fire. People should be more careful in respect to chances of allowing fires to start. Fires this season of the year destroys many young animals, birds as well as much time growth. This is the season of the year when all animals life is bringing forth young and a fire destroys all this helpless young life.

BOB'S CREEK GAME PRESERVE

The state has sent a commission into Blair and Bedford County to inspect the Bob's Creek Game preserve and learn of any additional lands for sale in and around Pavia and Lovely and as far south as Alum Bank and Hellville. This preserve takes in all the Babcock holdings.

OUR FINANCIAL POLICY.

The bill introduced in the U. S. Senate providing for the funding of the bonded indebtedness of the Government draws the attention of all citizens to a subject which deserves prompt and most careful consideration. That is the adoption of a permanent fiscal policy for the liquidation of the war debt.

The bill proposes the issuance of \$30,000,000,000 in bonds to be exchanged for liberty bonds of the first, second, third and fourth issues, at the option of the liberty bond owners. The new bonds would draw 3 1/2 per cent interest and would be exempt from mal taxes except estate and inheritance taxes. They would be payable in 50 years, which provision would require the annual addition of about \$600,000,000 to the sinking fund.

The Gazette believes the time has come for fixing upon a definite policy with respect to the war debt. To the determination of this question should be brought the best minds in the nation, and the solution should not be tainted with politics or be influenced by any consideration save that of the public interest.

Liberty bonds at present are selling from \$2.50 to \$11.00 below par and this measure should restore them to the prices which 24,000,000 people paid for them. At present there is considerable disgust among people who paid \$100 out of their meager savings only to find that their bonds have shrunk on the market.

Some plan should be devised that will bring Liberty bonds to par and maintain them there, in justice to the

people who financed the war. The Gazette believes a fixed policy for financing the public debt should be adopted at an early date. Prolonged uncertainty regarding the ultimate plan does no contribute to the stability which is so greatly desired.

TO THE MEN OF AMERICA

You talk of your breed of cattle, And plan for a higher strain, You double the food of the pasture, You heap up the measure of grain; You draw on the wits of the nation, To better the barn and the pen; But what are you doing, my brothers, To better the breed of men?

You boast of your Morgans and Herfords, Of the worth of a calf or a colt, And scoff at the scrub and the mongrel, As worthy a fool or a dolt; You mention the points of your roadster, With many a 'wherefore' and 'when', But ah are you conning, my brothers, The worth of the children of men?

You talk of your roan-colored filly, Your heifer so shapely and sleek, No place shall be filled in your stanchions, By stock that's unworthy or weak, But what of the stock of your household?

Have they wandered beyond your ken, O, what is revealed in the round-up That brands the daughters of men? And what of your boy? Have you measured His needs for a growing year? Does your mark as his sire, in his features, Mean less than your brand on a steer? Thorough-bred, that is your watch-word For stable and pasture and pen; But what is your word for the home-stead?

ANSWER YOU BREEDERS OF MEN

The Gazette has a few cupboards and cases to sell. Anyone interested in such may secure these cheap.

THE THIRD TERM

There are a great many democrats and some republicans who would be glad of an expression by the President at this time, or soon, on the subject of a third term. A deliverance would enable them to shape their course respecting the coming campaign with greater confidence, if not with satisfaction.

Will the President speak? It is a guess--anybody's guess. It was said of a famous man of the last century that he did not always take advice after asking for it, and never if it was volunteered. Does this hit Mr. Wilson? If so, he will not speak. Advice is being publicly volunteered on this third term matter, and applauded by both democrats and republicans as was done in the U. S. House of Representatives the other day.

Advocates of the third term for Mr. Wilson pooh-pooh the old tradition. This, they contend, is not a tradition respecting, but a tradition-smashing era.

If Mr. Wilson runs again the proposition will be for an uninterrupted twelve years in the White House--Something that has not been granted to any other president.

THE CHURCH ENLISTS

The announcement of the national interchurch committee that a campaign against the red menace is to be undertaken and that a fund of \$10,000,000 is to be raised to fight radicalism will be welcomed by those who entertain a proper appreciation of the danger that lies in the red propaganda. It is stated that a powerful alliance, representing 70 per cent of the Protestant churches of the country, has been organized to undertake the work.

That the church offers an excellent means of combating radicalism there is no doubt. By a campaign of education it is able to reach into every section of the country and bring under its influence the aliens who have come to America contaminated with the virus of bolshevism.

Congressional committees and all

others who have studied the radical problem have reached the conclusion that the most effective weapon with which to fight it is education. Immigrants arriving here in flight from the Old World bring with them a prejudice against all government, which can best be dissipated by teaching them the blessings of free America. The churches are in position to spread these teachings to good purposes, and in doing so they not only perform a great patriotic service, but at the same time they rise to the defense of the church, since bolshevism is the deadly enemy of all religion.

The ladies of the Presbyterian church will hold a bazaar and market in the waiting room of the Bedford Garage E. Pitt Street, Saturday April 3rd. Easter novelties, cakes, pies, candy etc. will be for sale.

Mississippi has failed to ratify the suffrage amendment and Delaware legislature has postponed action, so the suffragists and anti-suffragists are in suspense. One more state is needed and a bitter fight is on to get it or not get it.

Mr. Joseph Girven of Juniata College, is spending the Easter vacation at his home here.

George H. Deaner and his father, William H. Deaner, of near Schellsburg were in Bedford on business on Thursday.

J. W. Wertz, of Lutzville Route 1 was a Bedford visitor on Thursday. Albert Hillegass of Johnstown, Rt. 2, transacted business in Bedford on Thursday.

BORAH CHALLENGES WOOD

Senator Borah Challenges Governor Wood to make public his expenditures and receipts in his campaign, listing the contributors and how the large contributions are being expended. That is the only way to do it.

Wood says that Borah made the attack against him in Senate in order to influence the election in Michigan and Borah says that the attack was made to influence voters against his "pork barrel" methods. Ohio, Illinois, Pennsylvania as well as in Michigan. Wm. G. McAdoo sent a telegram to Borah approving Federal control of pre-convention expenditures.

MARY AMANDA GROVE

Mary Amanda, wife of Isaac S. Grove died at her home one mile east of Everett on last Sunday evening, March 28th 1920. She was a daughter of the late Jacob and Esther Chamberlain and was born in East Providence Twp. May 10th 1858. She is survived by her husband, two daughters and one brother, Miss Jennie Chamberlain and Mrs. Emma Souther of Bedford, and Harry C. Chamberlain, of Pittsburgh. Funeral was held on Wednesday at Asbury Methodist Church, east Providence Twp. conducted by the Rev. H. C. Moy. Interment in the cemetery adjoining. She was a kind, loving Christian wife and sister, always ready to lend a helping hand to all who was in need. She will be greatly missed in the home and community in which she lived.

We are in hearty accord with the idea of sending uninstructed delegates to the next Democratic National Convention. Let the delegates go there to consult with other democrats and pick the candidate who meets the general desire, let it be Palmer, McAdoo, Hoover, Clark, Bryan or any other.

Best in the Long Run

MANY A MAN who would not buy a tire because it was *cheap* will buy an inner tube simply because it costs a dollar or two less. Yet the performance of the tire is often dependent upon the service rendered by the tube.

It is a wise economy to equip with Goodrich Red Inner Tubes in the first place.

Future Women Voters

Getting Representation.

Two appointments of women were recently made in Washington to offices of note. One was a member of the U. S. Civil Service Commission and the other was Director of Woman's relations, U. S. Army. Both are high offices and are indications that the administration is beginning to find a place for the new voters in official life.

POULTRY PROFITS

DEPEND ON HEALTHY CHICKS

Mr. Williams, a very successful Oklahoma Poultry Raiser, recently said to Dr. LeGear: "Since I have been using your Poultry Prescription, not only have I cut down Chick loss, but I find that my pullets lay a month or two earlier." A few pennies wisely spent in feeding Dr. LeGear's Poultry Prescription to Baby Chicks insures rapid development and early fall and winter laying. Get a package from your dealer. Satisfaction or money back.

In 2000 Counties This Month

The Forces of the Church of Christ Will Gather To Face the Facts

IN 2000 counties in the United States the pastors and laymen of 30 great denominations will meet in conference this month.

It is the kind of conference that generals hold before a critical engagement; that business men hold before entering a new market. A conference of judgment, not emotion; a clear-eyed facing of the facts.

A Survey that Business Men Must Admire

For more than a year hundreds of workers have been quietly engaged in making a scientific survey of the mission fields, and of America county by county.

The facts developed are startling. No such picture of America's religious situation has ever before been drawn.

On the basis of these surveys thirty Protestant denominations are uniting in a

Nation Wide Cooperative Campaign

Each of the thirty denominations has its own "Forward Movement" organized and officered. The Interchurch World Movement is the clearing house for all of these.

It is the agency which the churches have created to avoid duplication, to foster cooperation and make sure that every man and dollar render the utmost service possible.

The month of April will be devoted to making the facts of the survey known to America; in the week of April 25th-May 2nd, will come a united simultaneous financial campaign.

Whether You Are Inside the Church or Out

To every man and every woman who loves his country, these 2000 county conferences are vitally important.

For the facts developed by this great survey show vividly what forces are at work in America—and what kind of a country this country is to be.

See that the pastor of your church appoints delegates. Any pastor can tell you the conference place and date. Or write direct to the

INTERCHURCH WORLD MOVEMENT

PINE GROVE

Plowing seems to be the order of the day among our farmers.

Mr. and Mrs. Harvey Corle and children of Sloan's Hollow spent Sunday with Mrs. Corle's parents, Mr. and Mrs. Seigle Bender.

Thomas Cook made a trip to New Paris on Sunday.

William Bowser purchased a new Ford car on Saturday.

Mrs. Belle Jones spent from Saturday evening until Sunday evening at the home of C. S. Berkhimer.

A large number of our people attended the sale of Harry Burns on Thursday.

Mrs. R. O. Griffith visited at Fishertown on Saturday.

Mrs. Charles Claycomb and children visited the formers sister, Mrs. Steaven Callis on Sunday.

The sick of our community all seem to be improved at this writing. C. S. Berkhimer transacted business at the County Capital on Tuesday.

Mrs. Daniel Claycomb of Claysburg is spending some time with her son Charles Claycomb.

Seigle Bender loaded a car load of baled hay at Fishertown Station on Monday.
